Katrin Hochschuh and Adam Donovan, Germany / konS / MKC, Slovenia
Minorite Church

The opening of the installation will take place on Wednesday, August 23rd, at 19:00. It will also be on display on Thursday, August 24th and Friday, August 25th, between 16:00 and 18:00, on Saturday, August 26th, between 9:00 and 11:00 and on Sunday, August 27th, between 9:00 and 11:00 and 16:00 and 18:00.

Installation *Cybernetic Intimacy* explores communication between humans and mechatronic lifeforms. In the dark, the lights of the creatures evoke the audience's imagination about their intentions and inner states. The artwork provokes thought about what we expect from robots and Artificial Intelligence.

konS – Platform for Contemporary Investigative Art is a project chosen on the public call for the selection of the operations *Network of Art and Cultural Research Centres*. The investment is co-financed by the Republic of Slovenia and the European Regional Development Fund of the European Union.

HOW IS ANTUNTUN LIVING 4+ [40 minutes]

How is Antuntun living? Absolutely in his way. He is always original and special, and always interesting in its oddity. Antuntun teaches us how we should respect diversity. He also teaches us about the importance of going our own way, no matter how tough it turns out to be sometimes because only imagination and originality push a person to small and large discoveries.
